

Overall size of field is 110 yds by 60 yds, width can be reduced as needed to fit field, if width is reduced, keep inside markings same dimension as measured from center of field.

Each Crease circle is 9 ft radius (18 ft diameter). With a 6 ft goal line centered in the crease circle.

All lines are 2" wide, if possible the midfield line should be 4" (no big deal if only 2").
